Shriners Will Hold Ceremonial

Shriners of Los Angeles and its suburbs were today busy themselves with preparations to attend the first big ceremonial of 1946 to be held in Shrine Auditorium, Los Angeles, Saturday evening, May 11.

Potentate Vierling Kersey of Al Malakah Temple of the Shrine issued a clarion call to all nobles from San Luis Obispo to the San Diego County line and from the Arizona borders to the shores of the Pacific to form caravans to come to Los Angeles for the gala spectacular event at which several hundred neophytes will receive the obligations of the Ancient Arabic Order Nobles of the Mystic Shrine.

All of Al Malakah's crack uniformed organizations, band chanters, patrol, temple guard, stage craft, will take part in the ceremonies staged by the potentate and members of his divan. Festivities start at 7 p.m. to be followed by an Arabic supper ceremonial, according to Joseph Wade Brigrance, ceremonial director.

TEMPERATURE CONTROL

Thermostat temperature control units are now being used aboard all-cargo planes to insure perishables crossing the country via air without any loss of vitamins. The thermostat is set at the specific temperature desired before the plane takes off. When the temperature drops or rises above the ideal point, a colored light flashes in front of the plane captain who can make the proper adjustment by a control knob near his seat.

PLAN CEREMONIAL... Local nobles confer with Potentate Vierling Kersey, Al Malakah temple, regarding participation in the first great ceremonial of 1946 in Shrine Auditorium Saturday evening, May 11. First Ceremonial Master William C. Froelich, William S. Gilbert of El Segundo, secretary South Bay Shrine Club; Potentate Kersey, and William H. Bremmer, president, South Bay club.

Lions Members Get 100 Per Cent Attendance Pins

Six members of the Torrance Lions club were presented with 100 per cent attendance buttons during the meeting in the Civic auditorium on Tuesday noon. They are: President Harry E. Lewis, Secretary Frank S. Selover, Directors Don C. Moskos, M. D., and Herbert C. Allen, Leroy Smith and George P. Thatcher.

The club was organized in Torrance in February, 1945, and these are the first 100 percent attendance buttons awarded, President Lewis said.

The Rev. Melvin Andrews, pastor of Trinity Lutheran church, San Pedro, addressed the club on the American Shriners, and after describing the shrines of Washington, Jefferson and Lincoln, he declared that those of the men who died on the battlefields of the Pacific and European theatres are the greatest of them all.

George P. Thatcher, program chairman, announced that the meeting next week will be addressed by John Olgin, one of the first Americans to place foot on Japanese soil during the past war.

Crowley Lake Opens Record Fishing Year

With plenty of fish in the lake, newly completed buildings and docks, more and better boats and motors, and other facilities far superior to that of last year, Crowley Lake in the High Sierras was all set for a record-breaking trout fishing season, beginning May 1.

Since last season many new facilities have been installed, including a fleet of inboard motor boats for public use in addition to its outboards, and the Fish and Game Commission has heavily stocked the lake with several varieties of trout.

Even during wartime, when few could muster enough gasoline to get to the lake, Crowley proved a tremendous magnet to sportsmen, gaining fame for the large size and great number of its fish.

In its first peacetime season this year, the lake is expected to prove an even bigger attraction to fishermen who now will have the first opportunity to try their luck in its waters.

AIR PACKING PLANT

A processing and packaging plant to prepare fresh fruit and vegetables for transportation by air is to be built by an organization consisting of eight of California's largest growers and shippers who ship a total of 45,000 cars of perishable produce a year. With a capacity of 30 tons a day, the plant will pre-cool, clean, wash, trim and package products for airborne shipment.

EQUIPMENT STOLEN

K. E. Hamm, 4435 Torrance blvd., reported to local police Monday the theft of his paint equipment, which had been left at his current job, 1906 Border ave. Hamm said the equipment comprised a quarter horse power motor, paint gun and an air compressor valued at \$75.

Torrance High Reviews 1946 Track Meets

As the '46 dual meet season came to a close, the Torrance Tartar varsity took its fourth straight defeat, this time at the hands of the Mohicans from Gardena. But even in defeat some of the Tartars looked very good.

The standout for the Tartars was Bill Johnson. Johnson took first in the low hurdles, and second in the high jump. He ran the hurdles in 21.4s and high jumped 5' 7". The Mohicans' standout was Bob McCarthy, who won the 100 in 10.3s and the 440 in 53.s. He also ran anchor on the winning relay team.

Like the varsity, the Tartar "B's" also took their fourth defeat. But even though Gardena won the meet, some of the events were very exciting. The broad jump brought together two of the best jumpers in the league. They were Morgan of Torrance and Jeal of Gardena. Morgan won the event by 1/4 of an inch. He jumped 19' 2 1/4". The 100-yard dash was a battle between Dean Maxson of Gardena and Bill Morgan of Torrance, both undefeated up to that time. Maxson won, running the distance in 19.6s.

The relay was slated to be quite a battle, but owing to the fact that there was a baseball game the same day as the track meet, one of the regular Torrance boys was not able to run and a substitute had to be used.

Gardena won the event rather easily, the time being 1:10s. Dean Maxson, Gardena sprinter, was the high scorer of the day with 22 1/2 points. He won the 100, and the low hurdles, took third in the broad jump, and ran anchor on the win relay team.

All was not sad for Torrance because the "C" track team won the second meet, and got back

Speed-Up Of 'On-The-Job' Program Looms

As a further expedient for "On-the-Job" training for employers who are anxious to place Veterans on jobs in this area, a committee has been formed to assist Rolla McFall, State Department of Industrial Relations, Division of Apprenticeship Standards, in "speeding-up" the program. An introductory meeting has been scheduled for Friday, May 3, to be held at the offices of the United States Employment Service, 1228 Craven Avenue, Torrance, as announced by Manager K.E. Bradley.

A further continuance of these meetings for the committee has been planned for every two weeks thereafter, or as often as is deemed necessary, to advance the program and meet the urgency.

The committee consists of a representative from the Division of Apprenticeship Standards, Veterans Administration, United States Employment Service, Local Veterans Service Center and local schools, which committee is one of many acting throughout Southern California to fill the needs of the employer and also aid the many returning veterans in job placement without further delay.

MANY SEEK PRO JOBS

More than half the disabled World War II veterans approved for educational benefits by the Veterans Administration are studying for professional and managerial jobs.

in the running for the championship, Mike Goettsch won the shot put and is still undefeated. Gary Franklin is also undefeated, winning the broad jump.

But the "C" high scorer of the day was Jack Godard who won the low hurdles, and tied for first in the pole vault. The "C" squad still has a chance for championship.

YES MA'AM THE BEST THERE IS!

To Round Out the Meal **NUCOA 27¢** FRIDAY

For the best there is in meats—for the best quality available in the widest variety of cuts possible—come to CARSONMART and make your selections from our appetizing displays of Government-Graded beef, lamb, pork and poultry. And whatever you choose, you can be sure of special tenderness—truly delicious flavor. Why not pick a winner for Sunday's dinner from the special values in choice meats.
